2015 Annual Report

Did you know?

During 2015, we received donations from nine (9) states. Pennsylvania had the most donors with 55, followed by New York with 26, and Maryland with 3.

MISSION.

The mission of The Paternostro Family Foundation is to provide support to those facing a cancer diagnosis, to provide scholarships to deserving high school student/athletes, and to keep the memory and spirit of Kathleen and Thomas alive for their children, friends, and family.

We do everything we do in loving memory of two amazing people who showed us how to dream, how to love, and how to live a life of passion and purpose. Their lives and their legacy will never be forgotten.

IMPACT.

Dear Foundation Supporter:

Our hope for 2015 was that we would be able to make a meaningful impact on the community. With your generous support, I am happy to report that we have achieved our goal!

One of the highlights of 2015 was creating a formal partnership with the Susquehanna Health Cancer Center to make direct utility payments on behalf of patients referred by the Center. In 2015, we helped 12 patients and families by making over \$2,500.00 in qualified payments. Meaningful impact.

Sadly, there is still much work to do. We hope that you will consider a donation to our Foundation during 2016. We plan to continue all of the momentum we started during 2015, our first year as the Paternostro Family Foundation. As we grow, we will continue to explore new ways to make a positive impact on those fighting cancer.

We are committed to our community and proud to be a part of making a small but meaningful impact for families who are fighting this terrible disease. In future years, we look forward to continuing the great work we started in loving memory of our beautiful sister, Kass, and our beloved Dad, Tom.

With Gratitude,
Krista Paternostro Bower
